

The serial number is located on top of the movement next to the fast-slow adjustment. On some early caliber 519's and the Atmos II's the serial number is located on the bottom of the movement and you can see it through the front of the case. Atmos' that do not have a clear glass on the top usually have a paper sticker on the bottom. Please be sure to lock the balance (pendulum) BEFORE you turn any Atmos upside down.
